

The Twisted Bridge

Ornamentation:

- Drones on the A and E strings
- Bowed triplets (crunchy!) are notated here as two semiquavers followed by a quaver
- Flick (otherwise known as a cut) on the end of the F# beginning the second, fifth etc. bars
- Try to start each 3-bar phrase on a down bow as shown; you may have to retake you bow for this
- Try the slurs notated, as well as anything else you would like to try

The mode is A Mixolydian, which means A major with a G_b.

This tune was taught to me by Jennifer Wrigley, a fiddler from the Orkney Islands, who performed at the National several years ago with her sister Hazel as the Wrigley Sisters.
